

Year 1 - Newsletter

The children have settled back into school life well and have enjoyed their first term in Year 1. Thank you for all your support with the home learning while we were self-isolating. The addition of Showbie worked incredibly well and the children continued to learn with your support.

Reminders

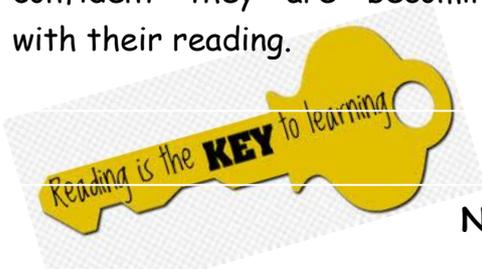

Phonics

Please can all children bring a water bottle with their name clearly labelled every day. Can all jumpers and cardigans please have their name inside. Reading books need to be brought back to school every Monday and Thursday. It is so important that you listen to your child read as much as you can, they have been working incredibly hard in phonics and love showing how confident they are becoming with their reading.

What we have learnt so far

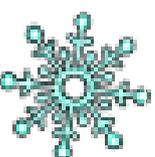

The children have worked incredibly hard this term. We have learnt what nouns and adjectives are. In English we have worked so hard to improve our writing using our phonics to help us. In maths we have learnt how to answer subtraction and addition sums. In science we have learnt about materials and about animals and humans. We have really enjoyed learning about Christmas in the past and what toys used to be like.

Next Term

After Christmas we will be continuing to learn about the seasons focusing on Winter. In Computing we will be using the school Ipads to learn about pictograms and early programming skills. In Geography we will be answering the question - *What can I find in my corner of the world?* In Art we will be exploring how to paper to create different pieces of pieces of art. We will be continuing our work on rhythms in Music and introducing pitched notes.

Thank you for your continued support, if you need to talk to any member of the team please remember to ring the office and leave a message.

We hope you and your family have a wonderful Christmas together - Mrs Murphy, Miss Dunn, Miss Green and Miss Kelly
